Subject: Weston support for upcoming mobilization

Eric,

FYI – After evaluating our scope of work with the upcoming mobilization, we have decided to scale back the number of Weston staff for this initial stage of work. Instead of three, we will have two Weston people (including myself) to support the work at NFB. This was done to save project costs and to ensure that all personnel on-site is being utilized efficiently. I will reach back to the office for additional resources if we determine additional support is needed after we begin the work. Lionel Montanez will be traveling from NJ tomorrow for the first rotation.

-Peter
